

Bethany Christian Schools 2001-02
ANNUAL REPORT

Principal's Report

—Allan Dueck

We are grateful to all of our alumni, parents, associates and friends and to God for the many gifts that have been bestowed on Bethany. I would like to touch on three areas where we have been especially fortunate.

The first area is our progress in implementing a restorative approach to student discipline. Last year I reported that Bethany was in the process of developing a unique program to incorporate restorative discipline into our policies and actions. This approach views misbehavior not as an offense against the rules, but rather as an offense against relationships. Many public and private schools deal with students who “break the rules” by punishing them. Restorative discipline represents a different approach—one that is more consistent with our Mennonite peace position. As an educational institution, we want students to learn from and grow through conflict.

Last year several faculty members trained in restorative discipline gave leadership in implementing this new approach to discipline. In this approach, a student who offends against the relationship with others has the option of choosing—in place of the traditional emphasis on punishment—to meet with a mediator and all students, parents, and teachers involved. These persons examine the causes of the relationship breakdown and explore ways to rebuild the relationships and avoid similar difficulties in the future. They also discuss and develop a plan for appropriate and mutually agreeable restitution.

In this approach discipline provides an opportunity for students to grow in their ability to relate to others responsibly and with integrity. The response we've received from students, parents, and faculty has been enthusiastically positive.

The second area is leadership training. Last spring our faculty decided that Bethany must be more deliberate and proactive in preparing students to assume leadership roles in the church. The faculty brainstormed possible ways to educate and motivate students to assume these roles.

One step saw us send five student leaders identified by the faculty to Y-LEAD, a youth leadership conference jointly sponsored by the Mennonite Secondary Education Council and Mennonite colleges. Students came back from this conference energized and motivated to practice the leadership skills identified at Y-LEAD and grow into Christ-like leaders in their roles at Bethany this year.

Now in fall the faculty is carrying forward several additional initiatives—for instance, identifying several students at each grade level who will be trained and called upon to introduce guest speakers and lead in community prayers in chapels this year. We'll report in greater detail in the future as we implement additional ways of equipping students for leadership in the church. Our faculty and staff view this area as one of our key commitments for the coming year.

The third area is continued enrollment growth. This school year, 2002-03, we have the second highest total enrollment in Bethany's history. Our middle school enrollment is now at the highest level in its seven-year existence, while high school enrollment is up more than 4% from last year. With the exception of one year, our middle school has grown each and every year since its beginning.

As our board chair reports, we are now making plans to accommodate the enrollment growth that we have experienced in recent years. It is clear that we need to add new middle school and more high school classrooms to be able to better serve our students. We plan to address this need during the coming two years.

We at Bethany value the privilege of working in partnership with church and home to provide Christian education of the highest quality and to equip young people for Christian discipleship.

Board Chair's Report

—Eldon Heatwole

Thank you! We are grateful for the tremendous interest and support that Bethany received during 2001-02. I am honored to have served as the new chair of the Board of Directors during the past school year.

I am especially honored and amazed by the continued involvement of parents, volunteers and other friends in the life of Bethany. Bethany has made a concerted effort during the past three years to more actively involve all of these constituencies in the life of the schools. I would like to highlight several areas where we received strong volunteer support during the past year.

We continued to receive input from parents at our **Parent-Principal Forums**, which we instituted three years ago. These forums provide parents an opportunity to offer helpful suggestions and much-needed feedback. We have implemented a number of suggestions gleaned from parents during these forums—most recently, making changes in parking and traffic flow to enhance the safety of students.

The **Advisory Council**, a volunteer group chaired by Sue Miller, was formed to connect Bethany with the larger Goshen community and to provide feedback to our Board of Directors. The Advisory Council, which met three times during the year, has provided significant support to Bethany. We are especially grateful to Jim Boyts, Goldie Lambright, Kay Schrock, and Terry Troyer who fulfilled their tenure during 2001-02.

We also formed a **Campaign Building Committee**. Headed by facilitator Ora Troyer, this committee carefully reviewed and prioritized the short-term and long-term needs of Bethany. The group designed a capital campaign plan to make Bethany

even stronger in the future. We are grateful for the following people who served on this committee: Wes Bontreger, Terry Diener, Arlene Horst, Bob Miller, Fred Ramser, Bertha Bontrager Rhodes, Lovina Rutt, Bob Steury, Ora Troyer, Daryl Zook, Maxine Zook, Allan Dueck (*ex-officio*), and Susan Gingerich (*ex-officio*).

We are now in the process of forming a Capital Campaign Cabinet to raise funds to expand both our middle school and our high school to serve this increased enrollment. We will replace our six middle school classrooms, three of which are temporarily located in modulars, with permanent classrooms. In addition, we will add two high school classrooms to handle high school growth and address many other important needs as well.

This will be Bethany's first capital campaign in over ten years. You will hear much more about our planning efforts during the coming months. Early generous gifts to this project have been very encouraging.

Finally, we are very grateful for Bethany's continued financial strength thanks to the tremendous support of alumni, friends, and other supporters. Over the past three years, total charitable giving has increased by a remarkable 62%, reaching \$689,634 this past year—the highest in Bethany history. This total includes \$132,000 from Mennonite congregations, for which we are also thankful.

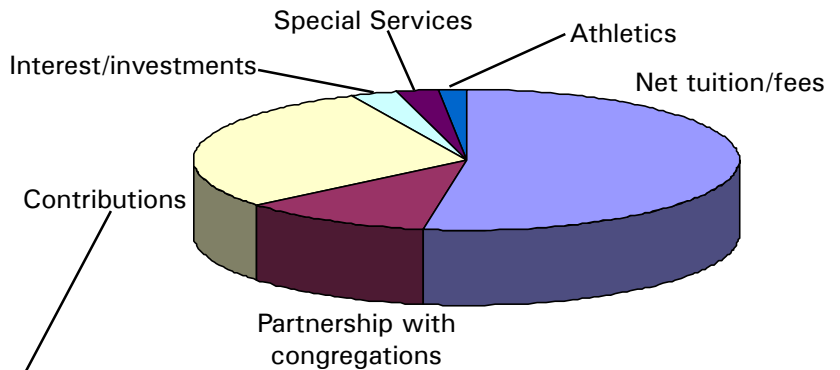

Even with all of this year's economic and national challenges, final audited figures show that Bethany ended the 2001-02 fiscal year with enough cash income to cover expenses on an operating budget of \$2.3 million. I am pleased to report that we are projecting a balanced budget for the new school year.

May we continue to work together for our mission to nurture faith in Christ and to equip our youth for service in the kingdom of God. As always, please do not hesitate to contact us if you have any questions or thoughts as to how we can improve the partnership among church, home, and school.

The last several years, we've explored which figures are the most meaningful to report in this annual report. This year, on the advice of our CPAs (Stauffer & Co.), we are representing the general fund unrestricted income and expenses. This most closely identifies the operations of Bethany. The full audited statement is available for persons wishing to see it by contacting the Bethany Christian Schools office.
